ABOUT US

Eraydın Tarım Ürünleri Ltd. Şti. established at 2004 and operates in the food sector, especially olive and olive oil. Our company's founder who is Yakup Er has been actively involved in olive and olive oil sector since 1990.

Our factory is located in Aydın which is the capital of olives in Turkey. Our factory has 8000 m2 open and 6000 m2 closed usable production area. Our company's annual capacity is 10,000 tons for olives and 25,000 tons for olive oil. Eraydın is the one of the Pioneer company in olive and olive oil sector. We offer our products to our customers under our labels which are AŞ-SAT, ÖZ-ER, EROLIVE and FOREX. Our company produces its product with the assurance of ISO 9001-9002 and ISO 22000 documents. Our company uninterupted continues production processes with focuses on customer satisfaction, high quality, enviromentally friendly, sustainable and valuing human health.

Eraydın Tarım Ürünleri Ltd. Şti. is export-oriented and %95 of sales g oto export. Our main cooperation countries are Spain, Italy, USA, Romania, Bulgaria, United Arab Emirates, Iran, Iraq and we have cooperations all over the world.

Since the day it was founded, our company has aimed to bring together the most natural and budget-friendly olives, olive oil and other products with its professional staff, without sacrificing quality, with our valued customers. In this context, our company has continued its productions by being environmentally friendly, valuing human health, improving itself day by day and preserving the excitement of the first day. Eraydın is moving towards to the future with more confident steps on the way to becoming a global brand every day.

VALUES

We are quality oriented: We are aware that quality is the most important criterion for maintaining our customer satisfaction and not posing a threat to human health. We are continuing our production without compromising our quality with this awareness.

We have an environmental approach: While continuing our production activities, we are aware of the beauties and raw materials provided by the environment. We are continuing our production with an environmentalist attitude by protecting the environment and ensuring its continuity.

We are focused on customer satisfaction: Our customers are our main motivation and business partners in achieving success. In this direction, we are taking confident steps to offer the best service and quality to our customers.

We attention to continuity: As a company, our goal is maintaining the supply chain which we have established with our suppliers, to keep our quality at the highest level, to maintain our international and domestic trade and most importantly the service we provide to our customers.

We are focused on being innovative: We are closely following the methods, equipment and products which are used in our industry both in global and our country. Our aim is developed ourselves in terms of technical, technological equipment and product diversity with our innovative spirit.

Our strength in the market: Eraydın is the one of the leading companies in the olive and olive oil industry. As a company, Eraydın analyze the sector very well, and it has high production capacity and product diversity.

We are a global team player: As a company, a large part of our trade is in the foreign market, we develop our company in the direction of being a good team player in the world by closely following the innovations and developments in the global. In this direction, we are always taking firm steps towards our goal of becoming a global brand.

MISSION

As a company, our mission is to providing olive and olive oils with high quality, well-priced, complying food health and hygiene conditions to our customers by working with our professional team. The main focus of our company is %100 customer satisfaction with best quality and most competitive prices. As a company, we follow the innovations in the world closely and we are moving forward with confident steps focused on improving ourselves. As a company, we expand our customer portfolio with the proud of being one of the leading companies in our sector and move forward to the future with our global vision.

VISION

Our vision as a company is to expand our market day by day without compromising our quality in our environmentally friendly and sustainable production facility. Our company is focused on gaining better technology, knowledge and experience day by day, and is taking confident steps towards becoming a customer-oriented global brand and business partner.
